## *Quality, Health & Safety and Environmental Policy*

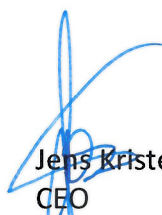

Jupiter Bach is devoted to wind. Our mission is to develop and supply environmental friendly composite solutions, enabling our customers to increase the global share of sustainable energy. We will fulfil our mission in a true responsible way towards people, environment, society and stakeholders.

At Jupiter Bach we care. Quality, Health & Safety and Environment (QHSE) are essential to Jupiter Bach A/S and prerequisite for the way we do business. A safe and healthy working environment is of outmost importance and number one priority while supplying world class products and services to our customers. Furthermore, Jupiter Bach will do its part in addressing global environmental challenges such as climate changes and waste.

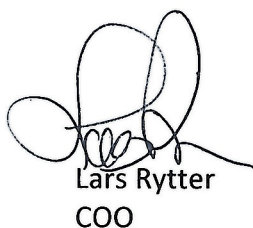

We set common global QHSE standards, operational objectives and we perform transparent tracking of performances reviewed by relevant management at all levels across our global organization. Hereby evaluation of QHSE are included in decision-making processes throughout Jupiter Bach.

At Jupiter Bach, we are therefore committed to:

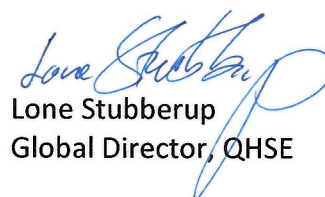

- Continuously improve our QHSE management system and performance
- Fulfil our obligation to satisfy applicable legal requirements as well as other agreements we have joined
- Ensure a safe and healthy work-environment with prevention of occupational injuries and -diseases
- Ensure quality of products and services meets defined customer needs
- Minimize our environmental footprint and prevent unnecessary impacts
- Promote a zero accident and right first time culture
- Seek dialogue with our suppliers regarding their improvement on QHSE performance
- Achieve customers satisfaction by proactive and best-in-class approach towards QHSE
